

Regional Materials LEED® Project Resources

Through the use of products manufactured within 500 miles of the project site, credits may be attained and assist in qualifying for LEED® Certification as outlined by the US Green Building Council Rating System Version 2.2.

The LEED® (Leadership in Energy and Environmental Design) Green Building Rating System is the nationally accepted benchmark for the design, construction, and operation of high performance green buildings. Please refer to the [USGBC® Website](#) for a thorough explanation of qualifications for LEED Credits.

LEED Material Resource Credit 5.1 for Regional Manufacturing:
1 Point

- Regional Materials: 10% of building materials manufactured regionally, within 500 miles of the project.

LEED Material Resource Credit 5.2 for Regional Manufacturing:
1 Point (in addition to MR 5.1)

- Regional Materials: 20% of building materials manufactured regionally, within 500 miles of the project.
